

## Escalating campaign action

The ASTI is engaged in work-to-rule type action as part of the public service wide campaign against the pay cut, pension levy and proposed pension changes. Further escalation of this campaign up to and including strike action is under consideration by the teacher unions and the other public sector unions.

### New directive

With effect from March 8th a new directive enhancing the current directive on posts of responsibility will be in place. The TUI is issuing the same directive. This directive instructs members not to engage in any of the duties associated with a vacated post:

With effect from March 8th, 2010 all members are directed:

- ◆ Not to engage in reviews of posts of responsibility or to change the duties of existing post-holders to fill vacancies caused by the moratorium on posts of responsibility.
- ◆ Not to agree to alter existing post duties in any way.
- ◆ Where a post of responsibility is vacated, for any reason and where that post is not filled as a result of the moratorium by the appointment of a teacher to the post of responsibility in accordance with the normal procedures for appointment to posts of responsibility and paid in accordance with normal procedures the allowance as appropriate for that post of responsibility and given the appropriate time remission appropriate to the post, then the duties of the post so vacated will no longer be carried out by any staff member under any circumstance.

This directive means that the duties of a vacated post will no longer be carried out by any member. The facility whereby a school can reorganise posts of responsibility is also being suspended.

### Directives in place

In addition to the directive above, the following directives are already in place in relation to:

- ◆ Parent-teacher meetings or staff meetings outside school time;
- ◆ School development planning meetings;
- ◆ Cooperation with WSE or subject inspections
- ◆ Class size

### Breaches of directives

It is important that all members adhere to the directives. ASTI Standing Committee has decided that breaches of the ASTI directives should be formally submitted, in accordance with the Rules and Constitution of the ASTI, to the General Secretary giving details of the breach.

### Review of voluntary activities

The campaign of opposition to the public service pay cut, pension levy and proposed pension review will be long and sustained. The directives in place will be reviewed and expanded on an ongoing basis.

Accordingly, the ASTI is conducting a review of all voluntary activities. School stewards have been asked to consult with staff in their schools and to convey opinion to their local Standing Committee representative. ◆

#### Inspections directive

Schools that have a scheduled Whole School Evaluation or Subject Inspection should contact their Standing Committee representative.

### High levels of public satisfaction with teachers

Teaching ranks as the profession with the second highest level of public satisfaction, according to a recent survey by the Teaching Council. The survey of 1,000 adults showed high levels of satisfaction with the way teachers do their jobs and a high level of trust in teachers.

Go to the ASTI website for more information.

## Majority of Section 29 appeals not upheld

Over 60% of appeals relating to expulsion, enrolment and suspension at post-primary level are not upheld at hearing. Figures revealed by Minister for Education, Batt O'Keeffe during Dail questioning show that only 259 of 677 Section 29 appeals made over the last five years were upheld at hearing.

Section 29 of the Education Act 1998 provides parents with an appeal process where a student is expelled, refused enrolment, or suspended for more than 20 days. Over the last five years, a total of 1065 such appeals have been made at post-primary level. Only 677 of these appeals proceeded to hearing, as many were withdrawn or resolved locally or by facilitator.

Only 25% of expulsion appeals were upheld at hearing, as compared to about half of enrolment and suspension appeals. ♦

## S&S Payments

Following ASTI representations, the Department of Education has informed the ASTI that the first portion of S&S payments will be paid on March 11th.

Gerry Breslin

Candidate for Vice-Presidency

## Gerry Breslin

### Profile:

- ◆ A native of Bundoran, Co. Donegal
- ◆ Secondary Education: St. Macartans College, Monaghan.
- ◆ B. Comm. - U.C.D. H.Dip.Ed. - N.U.I. Maynooth.
- ◆ Married, with family of four and one grandchild.
- ◆ Teacher of Business and Maths in Colaiste Cholmcille, Ballyshannon.
- ◆ Present School Steward.
- ◆ Member of C.E.C. from 2002.
- ◆ Member of Equality Committee 2005 - 2007.
- ◆ Member of Standing Committee, Region 1.
- ◆ Member of Finance Committee.
- ◆ ASTI rep. on Committee dealing with Bullying and Harassment in C. & C. schools.

### Immediate priorities for the ASTI:

- ◆ Continuance of our campaign against pay cuts and pension levies
- ◆ Closer links with other teacher unions, particularly the TUI
- ◆ Getting more young teachers involved at all levels of the ASTI
- ◆ Seeking a review by the DES of the mainstreaming of special needs students. The policy as it exists is not delivering as it should to the students and is putting great stress on teachers.

In the longer term I believe the ASTI will have to continue the campaign to regain our pay and conditions that have been eroded over the past few years.

I believe we should campaign strenuously to stop the casualisation of the teaching profession.

I believe that as we enter the second decade of the twenty first century that society will continue to change as rapidly as it did in the first decade. Education will also have to change to meet the challenges that this will present. We, as educationalists and as trade unionists, must be prepared to embrace these changes and to give leadership. We must manage the changes that will happen so that they will benefit us as teachers, the students and all the education partners.

We must partake in change in order to influence it, for the good of society in general and for education and teachers in particular.

We must, of course, continue to campaign for extra funding for education. The Government cannot be allowed to continue to underfund the education system. It has paid lip service to our teachers and our young people for too long.

### Profile:

- ◆ A native of Kilkenny.
- ◆ Former student of St Kieran's College, Kilkenny.
- ◆ Graduate of UCD and NIHE, Limerick.
- ◆ Married with a 17 year old son.
- ◆ Teaching science in Templeogue College since 1984 (non-permanent teacher in various schools between 1980 - 84).
- ◆ Former school steward.
- ◆ Filled most offices at branch level.
- ◆ Former Regional Organiser.

- ◆ Member of Standing Committee 2003 - 2009.
- ◆ Served on several ASTI sub-committees (currently chairman of ASTI Science Sub-Committee).
- ◆ Union advisor to the POR Arbitrator for voluntary secondary schools.

### Goals:

#### In the short term, I am committed to:

- ◆ Soliciting support from other public service unions in vigorously opposing the pay cuts and pension levy unfairly imposed on public sector workers last year.
- ◆ Reversing those education cutbacks that impact negatively on teaching jobs and on teachers working conditions.
- ◆ Protecting pensions. (Proposals announced in the December budget, if implemented could result in reductions of up to 20% in the value of existing and future pensions).
- ◆ Urging the ICTU to publish its own commercial newspaper to challenge the monopoly enjoyed by right wing media moguls currently operating in the country.

#### In the longer term, I am committed to:

- ◆ Revitalising our union at school and branch level.
- ◆ Continue to campaign for non-permanent teachers.
- ◆ Resolving discipline problems in schools.
- ◆ Defending ASTI policy on school-based assessment/certification etc.
- ◆ Highlighting the problems associated with the teaching of science and technology.
- ◆ Converting the long service allowance into a long service increment.
- ◆ A voluntary winding down scheme that enables long serving teachers to work 11 hours (or more) in the 5 years before retirement age while preserving their previous pension entitlements. (Such contracts would be almost cost neutral and provide extra hours for younger non-permanent teachers).
- ◆ Defending the dignity of the teaching profession (a) in relation to promotional posts and (b) by opposing any attempts to introduce performance management systems into our schools.

## Political lobby - turning up the pressure

The ASTI is engaging in a sustained political pressure lobby in conjunction with the other teacher unions - INTO, TUI and IFUT. This lobby is in addition to industrial action in opposition to the public service pay cut and is intended to influence Budget 2011 decisions.

The public service pay cuts and the threat to public service pensions have put huge pressure on teachers and their families; it's time to turn the pressure back on politicians.

**Make your voice heard**

Public sector pay has been slashed and changes to the public service pension indicated in the last budget could have a significant impact on the value of your pension. Make sure your politicians know your outrage at proposals to change the pension scheme for new entrants and to break pension parity.

Members are urged to make several visits to TDs' clinics in small groups or individually. The strength of feeling among members must be clearly expressed. Every voice counts so make the effort to have yours heard. ♦
