Q2 The Government has set out a dual approach in arrangements for running Leaving Certificate Examinations this year (Leaving Certificate and SEC Accredited Grades). All students may opt to take Leaving Certificate Examinations, including written examinations and related additional components. In addition, a system of accredited grades is being provided. Leaving Certificate 2021 results will be awarded on the basis of the better of either • Students' performance in Leaving Certificate examinations in any subject taken by them in the conventional examinations, including, where appropriate, their performance in the completion of additional components (coursework, orals, etc.) or • Students' SEC accredited grades in each subject based on schools' estimates of students' likely performance and a national standardisation process. Do you agree with this approach?
